Subject:
Telemeetings durin our inspection of the Health labs and Drinking Water
Certification Programs in West Virginia
From:
Joe Slayton/ESC/R3/USEPA/US - Thursday 08/23/2012 09:03 AM

MaryP I mentioned a while back the need for a conference bridge. I will definitely need one for 8:00 AM until 10 AM on September 18th.

Also, as I have multiple inspection teams going to multiple lab locations and I need Drinking Water Program Manager from the RO to tie in

I would like also to set up a conference Bridge on Sept. 19th from 11AM until 3 PM.

For both I only need 4-5 lines as groups will be together at these times. Everyone except the RO folk/s will be in Charleston WV for these calls.

Sorry such short notice but I just finally got word the that folks in Philly wanted to join the party, JoeS
